

III. Health Funds and Communications

The administrator of Health Funds and Communications is responsible for providing advice on executive matters affecting the office's goals and initiatives and directs the office's legislative initiatives, communication activities, and provides advice on technical insurance-related issues. This unit also has administrative responsibilities for the Injured Patients and Families Compensation Fund.

Public Information and Communications

The Public Information and Communications Section has primary responsibility in developing and maintaining the office's consumer publications, providing information and materials on the office's Web site, and provides basic and essential services including records management, forms management, printing and service of process.

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The forms manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

The OCI Web sites are managed within Public Information and Communications in accordance with the group's Communication Plan. Web management issues are addressed in a committee with representatives of all agency areas. Industry and constituents readily utilize information and support available via this interface. We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. There were 162 new Web pages added in 2008. Another 1,026 pages were updated.

2008 Major Accomplishments

- Published the *Wisconsin Insurance Update*. In an ongoing effort to keep policymakers informed of what's going on at OCI, the agency produced a monthly newsletter to the legislature and other interested parties.
- Published the OCI quarterly newsletter, the *Wisconsin Insurance News* (WIN). The WIN provides information to agents, insurers, regulators and the public about Wisconsin's insurance market and its regulation.
- Staffed several new and existing OCI advisory councils and committees. The expert advice provided the Commissioner through these councils and committees results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.
- Published to OCI's Web site information on OCI's advisory councils and committees including committee members, agendas, minutes and presentation materials.
- Participated in the third annual statewide Money Smart Week WisconsinSM by sponsoring an Insurance and Financial Fair. Money Smart Week WisconsinSM was created by the Governor's Council on Financial Literacy which Governor Jim Doyle formed to improve financial literacy in Wisconsin.
- Continued to extend our consumer education outreach to Spanish-speaking consumers by increasing the number of Spanish publications and consumer alerts available on OCI's Web site.
- Coordinated the office's Latino and urban outreach activities by meeting with leaders in the Latino and urban communities to discuss the consumer services that OCI can provide to the community. Provided consumer publications and fact sheets for community training and informational programs.
- Continued a microfilm to digital format copy project in order to bring company rates and forms previously only available on microfilm into a format which will be made available online via the agency Web site.
- Participated in meetings of the Governor's Council on Financial Literacy, the Governor's Committee for People with Disabilities, the Group Insurance Board, the Health Insurance Risk-Sharing Plan Authority, the Wisconsin State Council on Alcohol and Other Drug Abuse and the Inter-Agency Financial Literacy Committee.

- Participated in NAIC task forces and working groups, including: the Consumer Protection Working Group, the Consumer Liaison Committee, and the Health Insurance (B) Committee.
- Initiated a redesign of the agency Senior Issues Web page.
- Developed more efficient process for issuing press releases and other public documents.
- Redesigned the agency Intranet using Dreamweaver.
- Assisted with the development of on-line forms for insurers and consumers to use when contacting OCI.

Managed Care Specialist

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to the Health Funds and Communications unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

adverse determination or an experimental treatment determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal some health insurance claims denials to an independent third party. The results from the reports for calendar year 2008 are summarized below.

Independent Review Process

According to state insurance law, health insurance claimants have a right to an independent review of an

For more information on the independent review process, see the consumer brochure "Fact Sheet on the Independent Review Process in Wisconsin" available on OCI's Web site at oci.wi.gov/pub_list/pi-203.htm.

* An IRO may decline a case if it determines that the dispute is not eligible for an independent review, the request was received directly from the consumer, or the IRO has a potential conflict of interest.

The independent review program began in 2002. The chart below summarizes the total percent of insurers' decisions that were upheld and the total reversed in whole or in part by the IROs.

Injured Patients and Families Compensation Fund (Fund)

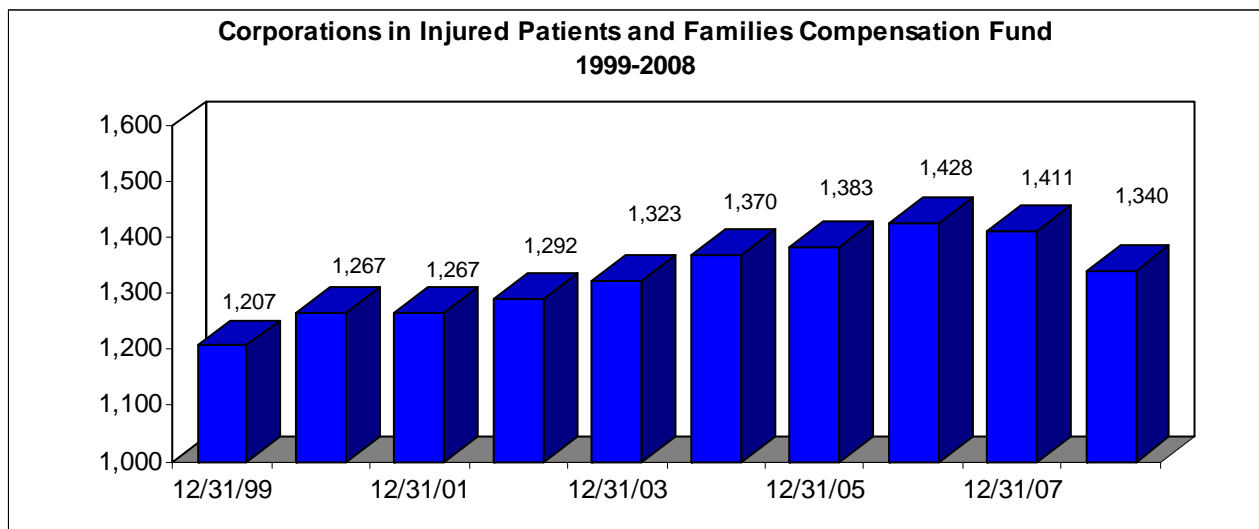

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that pursuant to Wisconsin Statutes consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund's administrative staff is provided by OCI.

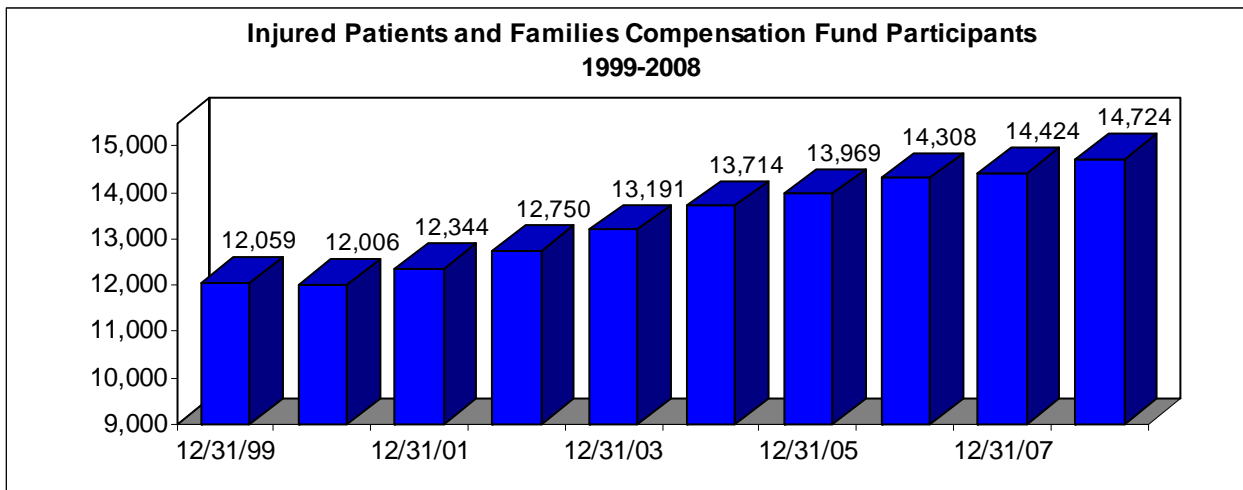

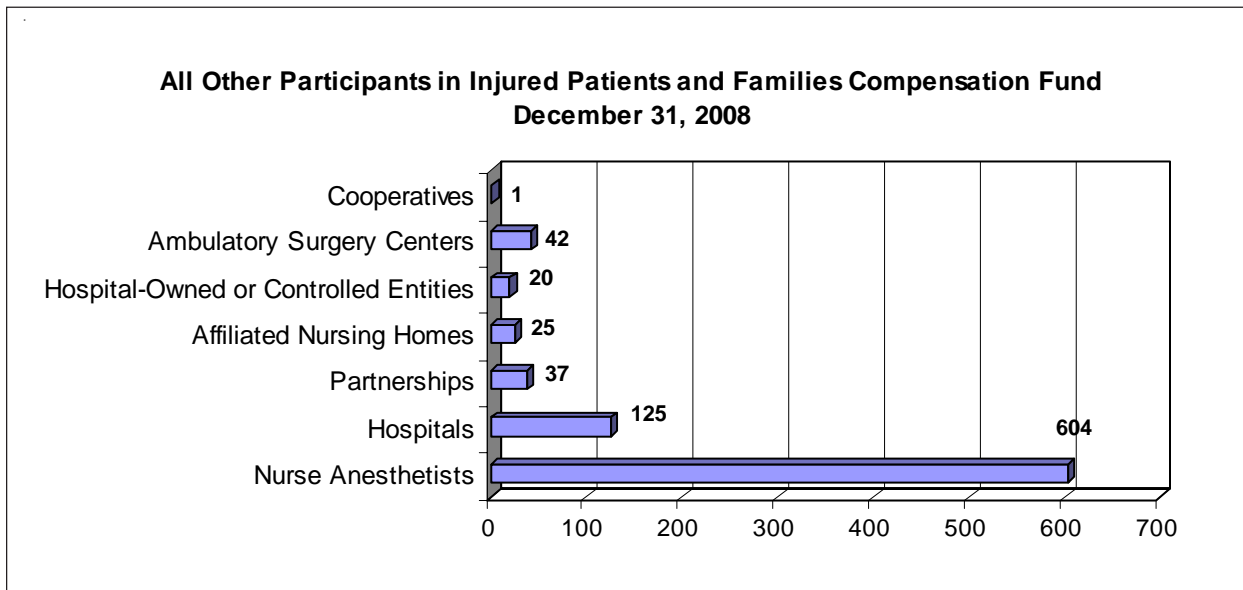

The Board is assisted by an Underwriting and Actuarial Committee, a Legal Committee, a Claims Committee, an Investment/Finance and Audit Committee, a Special Advisory Committee, and a Risk Management

and Patient Safety Committee, and a Peer Review Council. The Board and its committees meet quarterly.

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

As of December 31, 2008, the vast majority of Fund participants were physicians at 85% with corporations comprising another 9% and the remaining 6% comprised of various other participant types, as illustrated in the charts below. At year-end 2008, Fund participants totaled 14,724 comprised of 12,530 physicians, 1,340 corporations, 604 nurse anesthetists, 125 hospitals with 25 affiliated nursing homes, 37 partnerships, 42 ambulatory surgery centers, 20 hospital-owned or controlled entities, and one cooperative.

From July 1, 1975, through December 31, 2008, 5,549 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims was 655, totaling \$731,930,683. Of the total number of claims in which the Fund has been named, 4,708 claims have been closed with no indemnity payment.

2008 Major Activities

- The Fund is currently in the process of developing a replacement automated operating system. The Fund is a unique operation in that there are no other patient compensation funds like the Wisconsin Fund; therefore, no off-the-shelf application software was available. The development process was nearly complete by December 31, 2008, and it is expected that the new system will be in production by spring of 2009.
- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of

this outside counsel to ensure that, while the Fund receives the necessary representation, legal fees are controlled.

- Fund administration is monitoring the lawsuit filed by the Wisconsin Medical Society challenging the constitutionality of the provision in 2007 Wisconsin Act 20 which transferred monies from the Fund to the Medicaid Trust Account. The circuit court ruled in December 2007 in the state's favor and dismissed the Medical Society's claim.
- Extensive work continued during 2008 to verify and process up-to-date exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for appropriate enforcement action by that board. As of December 31, 2008, 10,731 providers claimed an exemption from the Fund. The various bases for the exemptions are illustrated in the chart below:
